Dear Ed Dawson,

My office is using a new system to help us make sure that patient care is excellent. I'm writing to invite you to join with me in using this system.

The system writes you a letter if tests are overdue, or if a test result is too high or too low. These letters help us keep your health on track.

There is no cost for this service, and nothing else about your care changes.

To learn more, or if you do not want to receive these letters, please call either Patient Engagement Systems at (802) 540-0500, or my office.
